PROFESSIONAL SUMMARY

Motivated Computer Science graduating student with a strong foundation in Python, JavaScript, and front-end development, backed by academic coursework and Cisco Networking Academy certifications. Experienced in creating and executing test cases, documenting defects, deploying web applications, and contributing to front-end interfaces. Analytical problem-solver with good communication and teamwork skills, eager to learn new technologies and grow in a collaborative development environment.

WORK EXPERIENCE

AMA Computer College – Makati **June 2026 – July 2026**
Registrar Assistant Intern *Makati City*

- Performed quality checks and data validation on student records, ensuring accuracy and adherence to school standards.
- Organized and maintained documentation, improving operational efficiency and supporting the registrar with records management.
- Conducted inventory audits of school supplies, verifying counts and reporting discrepancies.
- Delivered front-line customer service and supported administrative staff with confidential clerical tasks.

PROJECT EXPERIENCE

AMA Computer College – Thesis Project **2025–2026 | Academic Project**
QA / Software Tester
Personal Finance and Expense Tracking System ("SplurgeAlloc8")

- Served as the primary QA/Software Tester for a full-stack web-based Personal Finance and Expense Tracking System developed by a team of student developers.
- Created and executed manual test cases and test scenarios based on system requirements, covering core features such as expense tracking, budgeting, and data visualization.
- Performed manual testing to identify bugs and unexpected behavior, documented and reported defects, and coordinated fixes with the development team.
- Handled live hosting and deployment of the system using Render, ensuring the application was accessible and functional in a production environment.
- Provided front-end development assistance using HTML, CSS, and JavaScript, contributing to the overall user interface and experience.
- Collaborated closely with teammates throughout the development lifecycle, strengthening teamwork and communication skills in a software project environment.

EDUCATION

AMA Computer College Tacloban **2025–2026**
Bachelor of Science in Computer Science *Tacloban City, Leyte*

Leyte National High School **2019–2021**
Information and Communications Technology (ICT) *Tacloban City, Leyte*
with Specialization in Computer Programming

SKILLS

- Software Testing; Bug Reporting; Test Case Execution; User Scenario Testing; Documentation; C; C++; Java; Python; SQL; HTML; CSS; JavaScript; Chatgpt; Claude; Gemini; Data Entry; Records Management; Communication; Team Collaboration; Time Management; Attention to Detail; Microsoft Office; Google Workspace

CERTIFICATIONS

Cisco Networking Academy **2024–2026**

- Introduction to Cybersecurity
- CCNA: Introduction to Networks
- CPA – Programming Essentials in C++
- Control Flow and Lists
